

The State of LABBB.

What is the future of the LABBB Collaborative Program? Join us as we present **LABBB's Executive Director, Patric Barbieri, and Program Director, Donna Goodell**, who will give a "State of LABBB" address.

Find out what LABBB will look like next year, how changes occur in each of the LABBB programs and why those changes occur each year. Hear about what the changes will look like per grade level (Elementary, Middle, High School) as well as some changes that will affect all the LABBB programs. Patric and Donna will be sharing some new and creative things that LABBB will be doing starting next year.

Hosted in conjunction with

WEDNESDAY, APRIL 27, 2016
