

## MCAS CLUB! High School MCAS Tutoring: Grade 10 and Retakes

LABBB is pleased to offer MCAS tutoring for those currently in grade 10 and any high school student participating in MCAS retakes in English Language Arts or Math. Based on feedback from staff and students, we are going to focus on one subject per tutoring session. Students will be able to center entirely on one subject for 1.5 hours. All tutoring sessions will take place after school at Lexington High School. Students will be transported to Lexington High as necessary.

Students will begin each session with a mindfulness activity. Participants will review key terms and learn helpful tips and techniques when answering multiple choice, short answer, and open response items. Focus will also be on increasing students' confidence. For those in grade 10, participating in Computer Based Testing, students will become familiar with the testing format.

If you are interested in tutoring but not able to attend these sessions, please speak with your coordinator or Alyssa Limerick. If you have any questions, please e-mail Alyssa Limerick, MCAS Coordinator, at [alimerick@LABBB.net](mailto:alimerick@LABBB.net)

To register, please **send the bottom portion of this form and payment** to LABBB, c/o Paula Rizzo, 251 Waltham Street, Lexington, MA 02421, by December 31, 2018.

***\*If there is not enough student interest, a particular session(s) may not run.\****
