LABBB SNOW DAY POLICY

Dear LABBB Community,

We wanted to give you some details regarding potential snow day cancellations for this year.

- **LABBB follows Districts' Cancellations.** If a LABBB district cancels school, all LABBB programs in that district are closed. All other LABBB programs are open in districts that are open.
 - *If the district has a 1-hour delay LABBB will be in session.
 - *If the district has a 2-hour delay LABBB will be cancelled and will make up the day.
- **What if I live in a district that has cancelled school, but my student attends a LABBB district that is open?** If your child is enrolled in a LABBB program in a district that is open, you can drive your student to school and pick them up if you choose. Transportation is not provided in districts which have cancelled school.
- **What if my student is scheduled to go to a LABBB worksite?** All students who are scheduled to work follow the Lexington Public Schools cancellation. If your student is scheduled to go to a LABBB worksite and Lexington Public Schools is cancelled, then the worksite is cancelled.
- **If your student attends the LABBB/Middlesex College ICEI program,** please follow their cancellation policy.
- **Remote/Make up days for school cancellations.** If a LABBB program is closed due to a snow cancellation, we will not be providing remote learning on this day. We will be making this day up in-person in June.

*We will re-evaluate this plan in January if any changes need to be made.

Sincerely,

Patric Barbieri
